

LEDHDR

High Dynamic Range Light Source

No warm up time @ < 10,000 lux
1CCT: 6500±500K, or customized
CIE Ra: >90, or customized
Illuminance range from 10 lux to 250,000 lux
illumination surface (620×320mm)
illumination uniformity > 90%
CCT uniformity > 96%

	LEDHDR-R6232
LED channel drive method	Amplitude Modulation
Resolution	4095*48=196560 step
Warm up time	No warm up time @ < 10,000 lux 15 mins @ > 10,000 lux
Predefined illuminants	CCT: 6500±500K, or customized CIE Ra: >90, or customized
Illuminance range	from 10 lux to 250,000 lux
Uniformity	illumination surface (620×320mm) : illumination uniformity > 90% CCT uniformity > 96%
Electrical	230V/110V 50/60Hz, 1000W Maximum
Operating ambient temperature	25 °C ± 3 °C
Connection	USB cable
Dimensions	External dimensions(W/D/H): 1010×560×750 mm Observation window: 620x320mm / Depth: 460mm
Weight	74 kg
